# **New York State Food Metrics Annual Report**

**Kathy Hochul**  
Governor  
State of New York

**Jeanette M. Moy**  
Commissioner  
Office of General Services

# Introduction & Reporting Requirements

The New York State Office of General Services (OGS) submits the following annual report to the Governor and Honorable Members of the Legislature. This report constitutes the annual report as required by the Food Metrics Law and also provides an overview of efforts to support the BuyNY food initiative, including outreach activities and progress toward increasing the purchase of food grown, harvested, produced, or processed in New York State. The data contained in this Annual Report reflects purchases made between January 1, 2021 and December 31, 2021.

## Report Required by the Food Metrics Law

State Finance Law (SFL) § 165(4), first enacted in 1995, gives State agencies the authority, when purchasing food, to mandate that some or all of the required food products be grown, produced, or harvested in New York State or that any processing of such food products takes place in facilities located in New York State. The law also sets out the procedures that agencies must follow if they choose to mandate that some or all of the food come from New York.

The law was amended in 2013 to require OGS and the Department of Agriculture and Markets (Ag & Mkts) to (i) establish guidelines that will assist State agencies in increasing their use and purchase of NYS food products; (ii) publish such guidelines on the OGS website, disseminate such guidelines to agencies, and train contracting personnel on implementing such guidelines; and (iii) provide for monitoring of implementation.

The 2013 amendments also require OGS to issue an annual report to the Governor and the Legislature on the implementation of SFL § 165(4). The report must include a description of OGS's efforts to improve and increase the tracking of information relating to NYS food products procured by agencies and a compilation of the dollars spent by State agencies when, in making food purchases, such agencies have elected to mandate that some or all of the food come from New York. The purchasing data is required to be broken out by food products and processed food and include:

- (1) total dollar value of NYS food products procured by State agency;
- (2) total dollar value of food products from outside New York procured during the food products' listed New York availability period; and
- (3) total dollar value of all other food products from outside New York State.

As required by the 2013 amendments to the Food Metrics Law, OGS, in consultation with Ag & Mkts, established Guidelines for Purchasing New York State Food Products, which describes the process that agencies should follow when, in accordance with SFL § 165(4), an agency chooses to require that some or all of the food it is seeking to purchase must be grown, harvested, produced, or processed in New York State. The Guidelines contain definitions, how-tos for requiring NYS products, sample solicitation language, vendor certification requirements, and reporting requirements.

The Guidelines and a reporting template are published on the OGS website at <https://ogs.ny.gov/procurement/buyny-guidelines>.

OGS sent multiple requests to all agencies asking them to submit reports of food purchases made in accordance with SFL § 165(4) using the reporting template. Reports were received from 44 State agencies, with most reporting they had no food purchases made in accordance with SFL § 165(4).

The table below reflects agency-reported purchases from agency-specific food contracts where, in accordance with SFL § 165(4), the agency has determined that all or some of the food products to be purchased must be New York State food products.

State Agency Name	Total Food Purchases (\$)	Total NYS Food (\$)	Total NYS Processed Food (\$)
NYS Department of Corrections and Community Supervision	\$7,408,319.78	\$1,535,476.52	\$0.00
Office of Mental Health	\$531,950.65	\$40,786.64	\$331,090.65
Office of Parks, Recreation and Historic Preservation	\$2,908,776.60	\$2,902,557.01	\$6,219.59
TOTAL	\$10,849,047.03	\$4,478,820.17	\$337,310.24

*NYS Food means a food item that is composed of raw materials from inside NYS only (grown, harvested, or produced in NYS).*

*NYS Processed Food means a food item that is composed of raw materials from both inside and outside NYS if: (i) its predominant value is derived from food grown, harvested, or produced in NYS, and (ii) the processing of such food products takes place in facilities that are located in NYS.*

## Other Efforts to Support the BuyNY Food Initiative

### Office of General Services

OGS works to support the BuyNY Food Initiative through the establishment of centralized contracts for food, through collaborative efforts with other agencies and organizations, and through its participation in the USDA School Foods Pilot Project.

OGS ensures that NYS food is available on centralized contracts.

State agencies are required by SFL § 163(3)(c) to purchase commodities such as food through centralized contracts established by OGS unless such centralized contracts do not meet an agency's form, function, and utility. As a result, many of the food purchases by agencies serving populations in institutions, such as the Department of Corrections and Community Supervision (DOCCS) and the Office of Mental Health (OMH), are made through the OGS centralized food contracts.

All of the OGS centralized contracts for food, fresh bread, and milk require contractors to identify NYS food products on their price guides and to specify those products in their sales reports. Based on sales reports submitted by contractors, the tables below show that approximately 17% of all food purchased from OGS commercial and retail food contracts by State agencies were NYS food products, approximately 92% of fresh bread purchased from OGS fresh bread contract were NYS food products, and approximately 84% of milk purchased from OGS milk contracts were NYS food products.

Commercial and Retail Food Contracts			
Contractor	Total Food Purchases (\$)	Total NYS Food (\$)	NYS Food (%)
Metropolitan Foods Inc., dba Driscoll Foods (Retail)	\$3,468,573.28	\$302,129.35	8.71%
Metropolitan Foods Inc., dba Driscoll Foods (Commercial)	\$9,970,205.24	\$1,782,412.34	17.88%
Renzi Bros., Inc., dba Renzi Foodservice (Commercial)	\$1,055,739.56	\$135,013.92	12.79%
H. Schrier & Co., Inc. (Commercial)	\$7,522,487.03	\$1,465,778.42	19.49%
Sysco Albany LLC (Commercial)	\$568,468.43	\$67,736.51	11.92%
Sysco Long Island LLC (Commercial)	\$948,162.00	\$184,913.38	19.50%
Sysco Syracuse, LLC (Commercial)	\$8,329,319.81	\$1,624,089.37	19.50%
<b>TOTALS</b>	<b>\$31,862,955.35</b>	<b>\$5,562,073.29</b>	<b>17.46%</b>

Fresh Bread Contract			
Contractor	Total Food Purchases (\$)	Total NYS Food (\$)	NYS Food (%)
Bimbo Bakeries USA, Inc.	\$2,654,155.96	\$2,434,700.06	91.73%

The four prior centralized milk contracts expired in September 2021 and were replaced with three new contracts.

Milk (Fluid) Contracts			
Contractor	Total Food Purchases (\$)	Total NYS Food (\$)	NYS Food (%)
Cream-O-Land Dairies, LLC. exp. 9/20/21	\$720,906.35	\$0.00	0.00%
Hudson Valley Fresh Dairy, LLC exp. 9/20/21	\$544,995.47	\$544,995.47	100.00%
Upstate Farms Dairy, LLC exp. 9/20/21	\$681,345.30	\$681,345.30	100.00%
Upstate Niagara Cooperatives, Inc. exp. 9/20/21	\$1,101,957.17	\$1,101,957.17	100.00%
Cream-O-Land Dairies, LLC. eff. 9/21/21	\$303,212.96	\$303,212.96	100.00%
Hudson Valley Fresh Dairy, LLC eff. 9/21/21	\$235,688.59	\$235,688.59	100.00%
Upstate Niagara Cooperative Inc. eff. 9/21/21	\$841,133.31	\$841,133.31	100.00%
<b>TOTALS</b>	<b>\$4,429,239.15</b>	<b>\$3,708,332.80</b>	<b>83.72%</b>

## **OGS works with key partners for the BuyNY initiative.**

OGS continues to work with Ag & Mkts, OMH, DOCCS, Department of Health, State University of New York, NYC Department of Education, and Cornell Cooperative Extension on initiatives to increase the purchase of NYS food.

## **OGS continues to participate in the USDA School Foods Pilot Project.**

In 2014, OGS was selected to participate in the USDA Pilot Project for Unprocessed Fruits and Vegetables. The goal of the pilot project was to develop additional opportunities for schools to purchase fresh fruits and vegetables with USDA funding, and develop new relationships with farmers, growers, produce wholesalers, and distributors. The USDA pilot program encourages the use of locally grown foods in national school lunch programs by allowing locally grown foods to be purchased with the USDA funds annually allocated to schools.

For the 2021-22 School Year, 160 schools dedicated \$3.5 million of USDA entitlement to procure fresh produce through the Pilot Program. New York is capped at \$3.5 million for the 2022-23 School Year.

## **Department of Corrections & Community Supervision**

DOCCS continues to work in cooperation with OGS, Ag & Markets, and Cornell Cooperative Extension to further our efforts for procurements to support BuyNY. In addition, DOCCS continues to change menu items and ingredients to promote the use of NY products when possible.

The following is a list of annual purchases of NYS food products for the period of 1/1/21 – 12/31/21.

- Diced Potatoes. 275,000 pounds; cost \$165,748.10
- Frozen Diced Apples. 214,480 pounds; cost \$111,834.40
- Powdered Milk. 1,600 pounds; cost \$2,640.00
- Dry Beans. 204,000 pounds; cost \$132,600.00
- Fresh Cabbage. 512,000 pounds; cost \$186,731.10
- Fresh Bean Sprouts. 21,770 pounds; cost \$15,735.50
- Jamaican Beef Patty (5 oz). 208,900 patties; cost \$135,530.85
- Yogurt (4 oz cup). 870,576 cups; cost \$243,337.13
- Kosher Grape Juice Concentrate. 1,600 gallons; cost \$54,400.00
- Ice Cream/Sundae Cups. 710,208 cups; cost \$143,130.74
- Bell Peppers. 39,160 pounds; cost \$20,571.00
- Pizza Shells. 78,590 shells; cost \$205,048.94
- Sherbet (4 oz cup). 584,448 cups; \$111,727.05

Approximately 31% of the produce purchased for facilities statewide is NYS grown with a value for this calendar year of \$482,756.62.

## **Office of Mental Health**

OMH continues efforts to support the BuyNY initiative by leveraging existing food contract opportunities and pursuing agency contracts for NYS grown and processed foods. Towards those ends, OMH continuously modifies recipes and menus to incorporate local foods to the greatest extent possible.

- OMH has maintained contracts with growers of NYS apples and processors of NYS beef.
- OMH maintains contracts with NYS manufacturers of snack cookies, bean pies, bread, and rolls.

- OMH facilities purchase NYS fluid milk, yogurt, and other dairy products where regionally available on NYS centralized contracts.
- The quality assurance team at the Cook Chill Production Center actively searches for local ingredients to add to new and existing recipes. Highlights include:
  - Incorporating numerous NYS herbs and spices.
  - Utilizing a variety of NYS grown vegetables.
  - Including a variety of NYS manufactured flavorings, gelatin, pastas, beef, and gravies.
  - Making available several NYS produced entrees, such as lasagnas, to OMH facilities.
- OMH continues their partnership with NYS DOCCS to purchase NY grape juice, as well as a variety of other goods, produced at the DOCCS Cook Chill Production Center.
